PRINTS & SERVICES

Direct: Images printed exactly as received, however ALL orders are proofed by technicians. We'll notify you if we foresee problems with your color/density. **If you prefer that NO corrections ever be applied to your orders**, please contact Customer Service to update your account preferences.

Lab Corrected: Our technicians apply density and/or color corrections to your images. Please note that the cutoff time for Lab Corrected orders is 7pm EST Sunday through Thursday. See **page 24** for more information on our Production Schedule.

Volume Packaged: Orders must consist of 50 or more print units and will receive a batch color/density correction. Individual packaging by sitting is available for Volume Packaged prints up to 11x14. See **page 26** for more information.

Volume Unpackaged: Orders must consist of 50 or more print units and will receive a batch color/density correction. Prints are then packaged together (**NOT** individually in envelopes by sitting).

See **page 26** for more information about Volume Packaging.

BOUTIQUE PACKAGING

Boutique Folders

5x7, 8x10, and 11x14 black folio-style folders. Each folder holds approximately 20 prints up to 11x14 with no spray or mounting.

$4.50 per folder required to fit items, per order

Boutique Boxes

5x7, 8x10, and 11x14 black 1" depth boxes. Prints up to 11x14 with no spray or mounting are sealed in clear plastic bags, wrapped in black tissue paper and finished with a silver satin bow. Each box holds approximately 80 prints.

$8.00 per box required to fit items, per order

Specialty items, prints with spray or mounting services, and/or prints larger than 11x14 will be packaged separately for Boutique Packaging.

MOUNTING

FOR RPL PRINTS ONLY

Prices below do not include prints.

A. MATBOARD

White. Archival "rag mat" board. Regular: 1/16" thick. Heavyweight: 1/8" thick, more resistant to warping.

B. GATORFOAM

Black. 3/16" thick, very resistant to warping.

C. FOAMBOARD

White. 3/16" thick. Acid free.

D. STYRENE

Plastic-like material, extremely resistant to warping. 1/16" thick, in black or white.

E. STANDOUT MOUNTS

¾" thick. Lightweight foam material with black styrene-banded edges and four hanging holes.

DESIGN SERVICES

PRE-PAY & PROOF ENVELOPE DESIGN

Envelopes can be printed using one of our preexisting designs, using your own, or by providing an idea to the Design Department of what you'd like.

	Initial Design Fee
Verifying and/or Formatting a Design You've Created	**N/A**
Modifying a Stock/Existing Form	**10.00** per side
Creating a Custom Design	Starting at **30.00**
Creating Custom Product Images	**3.00** per product

See **page 5** for Pre-pay & Proof Envelope pricing.

Visit **richmondprolab.com/design-services** for more details and to submit your design request.

CUSTOM TEMPLATE DESIGN

Design your own, or have us do it for you! We'll verify that all of your templates are prepared for printing, and then input them into the ordering software of your choice.

	Initial Design Fee	Additional Templates
Verifying a Design You've Created	**N/A**	**N/A**
Template Formatting for Our Existing Designs for Other Products/Sizes	**3.00**	**3.00**
Template Modification and/or Formatting for Designs You've Created (up to 10)	**30.00**	**5.00**
Creating a Custom Design (initial design fee includes 10 templates)	starting at **30.00**	**5.00**

Visit **richmondprolab.com/design-services** for our most up to date installation fees. There is a $10 minimum charge for template installation.

PRODUCTION SCHEDULE

All times listed are Eastern Standard Time (EST).

Orders can be placed seven days a week, 24 hours a day. Our production schedule operates Sunday through Thursday, with in-lab turnaround times applying to orders received before 11:00pm EST, and 7:00pm EST for orders containing Lab Corrected prints and products, or Digital File Return Services. Orders submitted past the cutoff times will be printed the following business day.

PRODUCT IN-LAB TURNAROUND TIMES

In-lab turnaround time shown in the tables below are for normal season (December-March, June-August) in-lab production dates. Please note that days listed below in the chart reflect in-lab **business days** and do not include weekends or shipping transit/delivery times. View our Production Schedules page (richmondprolab.com/turnaround) for the most up to date information.

PEAK SEASON DATES

During our peak seasons (April-May and September-November) you can expect to add **up to 1-2 additional business day** to the in-lab turnaround times listed below.

DROP-SHIP TO HOME ORDERS

The In-lab turnaround times shown in the tables below are for ship to studio and/or drop-ship to school/league orders. For individual drop-ship to home orders, you can expect to add **1 additional business day** to the in-lab turnaround times listed below.

CONFIRMATION EMAIL DATE RANGE

Most orders will ship on the first ship date available. To ensure accuracy and transparency, we provide a shipping date range for your orders. This approach accounts for factors like equipment availability, stock levels, and order volume, which may occasionally extend processing times.

PRINTS & FINISHING SERVICES

Custom Pre-pay & Proof Envelope Designs or Templates	5-7 Days
Template Installation Into Ordering Software	5-7 Days

MISCELLANEOUS

Order Inserts	3-4 Days
A La Carte Packaging Materials	1-2 Days

ORDERS CONTAINING PRODUCTS WITH MULTIPLE IN-LAB TURNAROUND TIMES

Most in-lab turnaround times are not cumulative. For orders containing products with different in-lab turnaround times, the due date will be based on the item with the longest in-lab turnaround. For example, an order received on Monday before 11pm, consisting of Direct prints (1 day in-lab turnaround) and trading cards (2 day in-lab turnaround) will ship out on Wednesday (after 2 business days). We are unable split up orders once they've been submitted. We recommend that you place separate orders if some orders or items need to ship before others. Contact Customer Service for assistance.

IN-LAB TURNAROUND TIMES FOR RETOUCHING AND/OR GREEN SCREEN SERVICES

In-lab turnaround times for retouching and/or green screen services are cumulative, which means they're added onto the in-lab turnaround time of the products and services you're ordering them with. For example, if you're ordering retouching (2 day in-lab turnaround) on Direct prints (1 day in-lab turnaround), the in-lab turnaround time for your order will be 3 days.

Retouching	2 Days
Green Screen Services	2 Days
Custom Retouching	Varies based on level of service required

IN-LAB TURNAROUND TIMES FOR DIGITAL FILE RETURN SERVICES

In-lab turnaround times for these Digital File Return Services are cumulative, based on which services you're ordering together. For example, if you're ordering color correction (1 day) and retouching (2 days), the in-lab turnaround time for your order will be 3 days.

Individual Color Correction	1 Day
Retouching	2 Days
Green Screen Services	2 Days

IN-LAB TURNAROUND TIMES & SHIPPING METHODS

In-lab turnaround times do **not** include shipping transit times. Your order will ship on the scheduled due date based on the shipping method you've selected. Additionally, choosing UPS Next Day or other expedited shipping methods will not affect the in-lab turnaround time for your order.

HOLIDAYS & OTHER CLOSINGS

The lab will periodically close in observance of holidays and/or for maintenance purposes, which may affect in-lab turnaround times. We are closed in observance of the following holidays: Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day and New Year's Day. Notice will be provided in advance via email and on our Closings & Holiday Schedules page.

SHIPPING

SHIPPING METHODS & COSTS

Our shipping costs are determined by the weight and dimensions of the packages, the address they're shipping to, and the shipping method chosen. Visit richmondprolab.com/resources/shipping or contact Customer Service for more information.

DAMAGED SHIPMENTS

If your order arrives damaged, contact Customer Service as soon as possible to arrange a remake. Please be sure to keep the entire damaged parcel until you receive the replacement order in the event that the shipping carrier requires inspection.

HOLIDAYS FOR SHIPPING CARRIERS

Please be aware that UPS and the USPS may not operate on certain US holidays. This may affect transit and delivery times for packages. View the complete lists of holidays observed by our shipping carriers online. As always, if our production schedule will be impacted by a holiday closing, we'll notify you in advance.

RUSH SERVICES

Any requests for orders (excluding remakes) to be completed faster than our standard in-lab turnaround times will be considered Rush Services. Rush Services must be approved by Customer Service, and will incur fees as follows:

- For orders under $100, an additional $25 fee will be added to each order's total.
- For orders over $100, an additional fee of 25% of each order's cost will be added.

For example, a Standard Rush for an 11×14 Gallery Wrap (costing $59.40) to be completed in 2 days instead of the normal 3 day in-lab turnaround time for wraps, would be $25, making the final total $84.40. A Standard Rush for a 20x30 Gallery Wrap (costing $118.80) to be completed in 2 days would be $29.70, making the final total $148.50.

Rush Services do not apply to shipping costs, nor do they impact shipping methods or transit/delivery times. You'll still need to choose an appropriate shipping method in order to guarantee delivery by a certain date/time. Rush Services are not available for discounted studio sample orders. Contact Customer Service for help determining the best solution to receive your order when you need it.

ORDERS & PACKAGING

ACCEPTED SOFTWARE PLATFORMS

We accept orders from and support ROES/ROES Events/ROES Web Lite, Captura (Workflow, FLOW), GotPhoto, PhotoDay, ProofPix, and WaldoPro. Visit richmondprolab.com and our help site, help.richmondprolab.com for more information and tutorial videos. Options for additional platforms including API integrations are also available. Contact Customer Service for more information.

ORDER PACKAGING

Prints up to 24" in length will be packaged and shipped flat. Prints exceeding 24" in length, Banners, and Clingers will be rolled in a tube unless you've indicated otherwise. **If you prefer to have all of your prints always packaged flat,** contact Customer Service to add this preference to your account.

INDIVIDUAL PACKAGING FOR VOLUME ORDERS

Volume Packaged print orders must contain 50 or more prints. You can choose to have Volume Packaged print orders packaged by sitting in paper window envelopes. Individual packaging by sitting is available for Volume Packaged prints up to 11x14. For information regarding sorting, bundling, labeling, reorder inserts/stuffers, or any other special packaging requests for Volume Packaged orders, contact Customer Service.

ADDITIONAL PACKAGING OPTIONS & MATERIALS

Please contact Customer Service for instructions on how to request and order these services and materials. Prices below do not include the costs of any prints/products, or design services that may be associated with your order.

UPGRADED PACKAGING SERVICES

VOLUME PACKAGED ORDERS

Seal Portrait Envelopes	**0.05** each
Add Chipboard in Each Portrait Envelope	**0.15** each

DROP SHIP TO HOME ORDERS

Add Additional Piece of Chipboard in Each Mailer	**0.15** each
Add Plastic Bag in Each Mailer	**0.30** each

ORDER INSERTS/STUFFERS* (PRINTED AND INSERTED)

8½x5½ - 1 Side Black and White	**0.05** each
8½x5½ - 1 Side Color	**0.07** each

*Must use an annual minimum of 5000 inserts to qualify. Contact Customer Service for more details.

A LA CARTE PACKAGING MATERIALS

Packaging materials are available a la carte for purchase. **Sold in sets of 25.**

Chipboard Sheet 5½x7½	**$2.50** per set ($0.10 each)
Chipboard Sheet 8½x11 (fits in 9x12 Portrait Envelopes) or 9x12	**$3.75** per set ($0.15 each)
Chipboard Sheet 12x15	**$5.00** per set ($0.20 each
9x12 Paper Portrait Window Envelopes	**$6.25** per set ($0.25 each)
12x15 Plain White Portrait Bags	**$6.25** per set ($0.25 each)

ORDER STATUS & TRACKING

You can view the status of your orders by logging in on the "Order Status & History" section of our website. Your orders will be displayed with helpful information including the current status, the date the order is due to ship, and more. You can also view the shipping and tracking information there for orders that have already shipped. Additionally, you can view shipping information on the "Shipping History" page, and/or in our shipping notification emails. With either option you'll be able to see the order details and shipping information (including any tracking numbers) on the night your order ships.

REMAKES & REFUNDS

If you're ever dissatisfied with an order, please contact Customer Service as soon as possible. We can then help determine the best solution to ensure your satisfaction.

STUDIO SAMPLES

We offer 25%-50% discounts for studio samples for the majority of our products and services. The discounts are available as follows:

50% Off:

- Prints (luster and glossy)
- Fine Art Giclée Prints (Unstretched Canvas, Watercolor)

25% Off:

- All Specialty Items and Banners
- Finishing Services (Mounting, Spraying, Texturing, Boutique Packaging)
- Gallery Wraps and Assembled Albums
- Press Printed Products and Proof Books
- Retouching Services

Exempt from Studio Sample Discounts:

- Digital File Return and Green Screen Services
- Full-Service Order Entry Services and Yearbook/Admin Exports
- Design Services, Rush Fees, Shipping Fees
- Pre-pay and Proof Envelopes and Reorder Forms
- A La Carte/Bulk Packaging Materials

There is a limit of $500 in total annual discount savings per customer for studio sample orders. For example, an order for studio samples of Gallery Wraps that would originally cost $200 would cost $150 after the 25% studio sample discount is applied, which is a savings of $50. That $50 you saved on the order is deducted from your $500 discount savings limit, so you still have $450 left that can be used for studio sample discounts for the year.

Discounts for studio samples cannot be combined with any other offers, sale prices, or coupons, and do not include shipping costs. To order studio samples, place your order and add an order comment stating that the order should be discounted for studio samples. The price will be adjusted once the order has been received at the lab. Please contact Customer Service for more information.

IMAGE GUIDELINES

COLOR EVALUATION PRINTS

To assess how your monitor compares to your prints, or if you'd like to see how our technicians would apply color/density corrections to your images, we recommend ordering our Evaluation Prints.
Submit 2 images here and we'll send you:

- (2) 8x10 Evaluation Prints that have been printed without any color/density corrections with the label "Original File – No Correction Applied"
- (2) 8x10 Evaluation Prints that have been corrected for color and/or density by our technicians with the label "Standard Color Correction Applied"

You'll receive 2 free sets of 8x10 luster prints along with information and materials to assist you with your color management workflow. We suggest choosing test images that have good exposure, with diverse colors and a wide tonal range.
For more information on color management, please visit richmondprolab.com/resources/color-management or contact Customer Service.

IMAGE ADJUSTMENTS

All orders and images are reviewed by our technicians prior to printing. We do not crop or resize your images to add borders unless you've ordered this as a custom service. For information on the color correction options available see **page 4**. All orders for other products are adjusted for color and density as needed. **If you prefer that NO corrections ever be applied to your images**, contact Customer Service to update your account preferences.

SUGGESTED FILE FORMATS, SIZES, & COLOR SPACE

We prefer JPEG files, but also accept TIFFs. All files should be saved in the sRGB color space. We recommend submitting images at 300ppi, however images at resolutions as low as 150ppi may be sufficient depending on the print size you're ordering. For volume orders, decreasing your file sizes even slightly can greatly improve your order's transmission speed. For more information, contact Customer Service.

BECOMING A CUSTOMER

It's easy! Fill out the online form at richmondprolab.com/signup. Once we receive your information, we'll call you to finalize your account. There are no fees, commitments, or volume requirements involved in becoming a customer.

PAYMENT INFORMATION

MINIMUM ORDER FEES

There is a standard $5 minimum for most orders. If your order does not meet the minimum amount (excluding shipping costs), the price will automatically be adjusted to $5 once the order is received by the lab. You'll see this reflected in the order confirmation and shipping emails, as well as when you're logged in on your account on our website.

Orders submitted through GotPhoto, ProofPix, and PhotoDay do not have minimum order fees, but do have different pricing/shipping costs than other ordering software (such as ROES). Customer Service can provide more information and details.

Minimum order fees do not impact shipping charges, and do not apply to no-charge remake orders. If you're placing high volumes of small drop-ship/ship-to-home orders, contact Customer Service to find out if lower prices are available based on your needs.

TERMS OF PAYMENT

All orders must be paid for in full prior to shipping out. Payment via credit or debit cards is preferred. Other payment methods must be approved prior to order submission through contacting Customer Service.

VIRGINIA SALES TAX

Sales tax is only applicable to customers operating their business in Virginia without a valid ST-10 form on file with us. Contact Customer Service for more information or to submit your ST-10 form.

DESIGN SERVICES

We offer a huge variety of free templates and graphics, pre-pay envelope designs, and more. If you're looking for something different, our in-house design team can modify our existing graphics or create something totally custom for you based on your specifications. View more information including pricing and in-lab turnaround times for Design Services on **page 23** and at richmondprolab.com/design-services/.
